

STRIKE B3 7DBI HEAVY DUTY BULLBAR MOUNT ANTENNA - FULL BLACK

ACC-STK B3-B

The **B3 7dBi Antenna** boasts a functional yet elegant design in sleek black, complete with a black mounting bracket. The antenna's high gain and reliable performance over 700/850/2100/2600/3600MHz frequencies makes it ideal for rural areas. Equipped with an SMA male connector, this heavy-duty car antenna ensures reliable signal coverage. It has a removable whip and comes fitted with an FME connector. The removable whip allows for seamless removal and re-attachment, giving users greater flexibility. **Specifically designed to work with Strike Alpha Cradles.**

5G^{LTE} 

3G/4G/5G

Covers 3G, 4G, and 5G networks

With 7dBi gain perfect for rural areas

Covers all Australian networks
